UPC master pack: 137849895266

Superior sound (900 MHz) range up to 600 feet

Advanced signaling technology gives a clear and natural sound reproduction. It also gives you the freedom to place the Parent unit up to 600 feet away from the Baby unit.

Portable and rechargeable

Portable Parent unit gives you freedom to move around the house.

Connection confirmation

The Link light indicates that the communication link between the two units is reliable.

Sound level lights

A series of lights on the Parent unit give you a visual indication of the sound level from baby's room.

Out-of-range indication

A visual and audio warning lets you know when the Parent unit has lost connection.

Charging base for Parent unit

Parent unit fits snugly into this stylish charging base for quick charging of the batteries.

Two channels for reduced interference

Selecting one of the two transmission channels helps avoid interference.

Battery-low indicators

Tell you immediately when your batteries are low.

Two power adapters

Are included for immediate operation.
